Everyone is invited!! This can be done in hand, or while riding your horse. It can also be done in hand part of the session and ride the other part. Any age equine and rider are encouraged to come! This can be done in hand with weanlings and yearlings! All abilities and disciplines welcome. Learn to navigate obstacles and challenges by becoming the leader your horse is looking for. Great opportunity to grow a stronger relationship with your equine while supporting and overcoming anxieties and fears that come with the different obstacles the clinician team brings!

Max of 12 in each group, that way everyone gets individual attention by the clinicians. Pete assured me that everyone will have challenging moments with their horses with his trailer full of props and obstacles for the horses and riders to overcome. He will help owners and horses find success!

Some reviews:

Pam DeGregorio says, "If you've never been to one of Pete's versatility clinics, you need to sign up for at least one. He's the best instructor for versatility that I've seen - really understands horses and the fact that it's all about the horse trusting the handler/rider to take care of him/her. Pete is the best!"

Wendy Waegell says, "Pete is the most patient, kind horse trainer I have ever encountered. He made a huge difference in the life of my young horse. The words he says are always praise for a try or a success at what he is asking for. His methods give the horse confidence and a sense of fun in learning. I am so fortunate to have found "It's a Pleasure Training."
